S. SHAMANNA,
Auditor, Mysore Railways.

No. B.B./852 dated 11th Apirl 1925.

Forwarded with compliments to the Financial Secretary to the Govt for Mysore Bangalore for information.

(a) The increase of Rs one lakh under gross Receipts during March 25 as compared with the corresponding period of the previous year is chiefly due to
1) Heavier traffic on account of Shravanabelagola (early) Rs 50,000
2) Clearance of traffic outstandings 50,000.

(b) The decrease of 47,000 under Working Expenses is mainly due to the outlay of 1 lakh and 2 thousand booked under repairing during March 24 with 58,000 anticipated to be booked during the month - Hand.

dated 6.4.25

Sir,

With reference to the procedure referred to in the Auditor's letter No. B.B.1789 dated 27th March 1925 (copy enclosed), I am directed to state that the depreciation contribution for which provision is made in the annual Budgets be credited to the Fund at the rate of one-twelfth each month. Under the existing system of regulating the credit to the Depreciation Fund with reference to the cost of particular Renewal and Replacement Works, it is unlikely that the ~~annual~~ expenditure on Depreciation Fund Works will exceed the credit to the Fund. Should, however any occasion arise for the actual charges exceeding the contribution, the case would be one for increasing the contribution from revenue and it may be separately reported for the orders of Government. In the event of charges being less than the ~~annual~~ contribution, no action is necessary as the credit balance will represent the liability which will come up for discharge when charges on account of the Works are actually incurred.
